

Singapore International Cyber Week 2018 Factsheet

OVERVIEW

The Singapore International Cyber Week (SICW) 2018 is the region's most established cybersecurity event. Organised by the Cyber Security Agency of Singapore (CSA), SICW is recognised as a valued and critical platform to discuss, network, and form valuable partnerships in the cybersecurity space, especially in international and regional cooperation and cyber ecosystem development.

SICW 2018 will be held from 18 to 20 September 2018. The events under the SICW umbrella will be held in various locations, namely the Suntec Singapore Convention and Exhibition Centre, Marina Bay Sands and JW Marriot Hotel Singapore. The theme for this year's SICW is "Forging a Trusted and Open Cyberspace".

- **ASEAN Ministerial Conference on Cybersecurity (AMCC) – *by invitation only***

Chairing the AMCC will be Singapore's Minister for Communications and Information & Minister-in-charge of Cyber Security, Mr S Iswaran. To be held on 19 September at the Marina Bay Sands, the Ministerial Conference will bring together ASEAN Ministers and senior officials from all 10 ASEAN member states for critical discussions to advance cybersecurity cooperation and drive greater cyber capacity building across borders.

- **SICW 2018 Cybersecurity Lecture – *by invitation only***

The Lecture will be held on 18 September at the JW Marriott Hotel Singapore South Beach. Jointly presented by CSA and Temasek Foundation Connects, this year's distinguished speaker Ms Izumi Nakamitsu, United Nations (UN) Under-Secretary-General and High Representative for Disarmament Affairs, will speak on the UN's resolution to bolster a global culture of cybersecurity, and discuss ways to encourage responsible innovation, and what it means to foster adherence to voluntary norms of responsible State behaviour. She will also touch on the UN's efforts to work with UN Member States from around the world.

- **ASEAN Cybercrime Prosecutors' Roundtable Meeting (ACPRM) – *by invitation only***

The ASEAN Cybercrime Prosecutors' Roundtable Meeting will be held on 18 September. The event provides a platform for sharing knowledge and expertise amongst prosecutors on fighting cybercrime across the ASEAN region. It also serves as a forum for promoting the development of effective legislative frameworks for combating cybercrime within ASEAN countries.

- **6th INTERPOL-Europol Cybercrime Conference (IECC) – *by invitation only***

The 6th edition of the joint initiative between INTERPOL and Europol, to be held from 18 September to 20 September, will bring together law enforcement officials, private sector leaders, academia, international organisations and key stakeholders from across the world to strengthen cooperation in preventing and combatting cybercrime.

- **Annual Meeting of the Global Forum on Cyber Expertise (GFCE) – *by invitation only***

Held at SICW for the first time, the Global Forum on Cyber Expertise (GFCE) functions as an ecosystem that enables efficient international cooperation in building cyber capacities. In 2018, the third edition will focus on the positioning of GFCE as the hub to facilitate and coordinate knowledge-sharing and critical exchanges on cyber

capacity building. The GFCE Working Groups based on the following five key themes of the Delhi Communiqué will be the cornerstone of this year's Annual Meeting.

1. Cyber Security Policy and Strategy
2. Cyber Incident Management and Critical Infrastructure Protection
3. Cybercrime
4. Cyber Security Culture and Skills
5. Cyber Security Standards

- **Cyberstability Hearings of the Global Commission on the Stability of Cyberspace (GCSC) – *by invitation only***

The GCSC Cyberstability Hearings will feature discussions between Commissioners and representatives from government and the private sector on matters pertaining to international peace and security in cyberspace. They will provide advanced insights into some of the current developments and thinking on norms of responsible behaviour in cyberspace, implementation and enforcement mechanisms, and the way forward for the international security architecture in cyberspace.

- **GovWare Conference & Exhibition**

Into its 27th edition, GovWare is the region's premier conference and showcase on cybersecurity innovations and technologies. With a speaker faculty comprising over 100 public sector officials, global thought leaders, visionaries, technology experts and industry professionals, GovWare is the leading platform for practical, critical and innovative exchanges on cybersecurity.

Notable speakers at GovWare 2018 include:

- Kevin Mandia, Chief Executive Officer, FireEye Inc;
- Mike McConnell, Former Director, National Security Agency; National Intelligence, Strategic Advisory Board Member, Securonix, Inc.
- Keith Alexander, Former Director, NSA and Commander of the US Cyber Command, Founder and Chief Executive Officer, IronNet
- Ravinder Singh, President, Electronics, ST Engineering
- John Stewart, Senior Vice President, Chief Security and Trust Officer, Cisco – Security & Trust Organisation

Key highlights at GovWare 2018 are:

1. **CXO Plenary – *by invitation only***

The CXO Plenary will bring together more than 180 C-suite decision-makers from public and private sectors to exchange views on strategic developments and trends in cybersecurity. The CXO Plenary will enable key insights into the following topics:

- a. Demystifying Security by Design in the Boardroom
- b. Cyber-threat Landscape Outlook: Rethinking the Way We Protect and Defend Our Cyberspace

2. **GovWare 2018 Exhibition**

GovWare 2018 features over 250 participating companies and sponsors, including returning exhibitors – Cisco, FireEye, Digital Guardian, IBM, McAfee, Singtel, ST

Electronics, Tendyron, Synopsys, Trend Micro, Starhub, Symantec, among others.

The exhibition will also feature country pavilions from Singapore, Finland, and the UK, as well as the Internet of Things (IoT) pavilion and a Startup pavillion.

The Startup pavilion, organised in partnership with Innovation Cybersecurity Ecosystem at Block71 (ICE71), will showcase the latest innovations conceptualised and created by 17 start-ups. For the first time, the Start-up pavilion will also feature a half-day programme on 20 September with industry notables such as Kevin Mandia, CEO of FireEye and Kowsik Guruswamy, CTO of Menlo Security to discuss the journey of growth for start-ups.

3. Singapore Cyber Conquest

The Singapore Cyber Conquest will see participants from Institutes of Higher Learning (IHLs) compete in challenges to test their cybersecurity expertise in a simulated real-world cyber range. Participants will race against time to complete a diverse range of cybersecurity challenges that will put their cybersecurity skills to the test. For the first time, teams from seven ASEAN countries will be participating in the Conquest, namely Cambodia, Laos, Malaysia, Myanmar, Philippines, Thailand, and Vietnam.

4. Cybersecurity Challenge Singapore – Face to Face (F2F) Competition

Organised by CSA and BAE Systems, the F2F Competition segment of the Cybersecurity Challenge Singapore will see top players from Cyphinx platform come together to pit their skills against each other in virtual battle as they devise cybersecurity measures to counter serious cyber breaches. Winners will stand to win an all-expenses paid trip to London to compete against UK players in the UK Masterclass, as well as other career-enhancing prizes. The Competition will take place on 19 September.

5. Cyber Safe Cyber Ready

Organised by GovTech Singapore, Cyber Safe Cyber Ready 2018 is a 1-day cybersecurity event for public service officers. To be held on 20 September, the event will host a mix of workshops and seminars that will feature speakers from across government, the cyber industry, law enforcement and academia. The sessions will focus on:

- a) Raising awareness amongst public servants on the cybersecurity landscape
- b) Bringing together leading cybersecurity speakers to share insights on cyber trends and good practices
- c) Effecting positive behavioural change and greater personal cyber hygiene amongst public servants
