Singapore International Cyber Week
Factsheet

OVERVIEW

The Singapore International Cyber Week (SICW) 2017 is the region's most established cybersecurity event. Organised by the Cyber Security Agency of Singapore (CSA), SICW 2017 will provide an integrated platform for over 6,000 international and regional policy makers, thought leaders, industry experts and visitors to forge partnerships, engage in critical dialogues and knowledge-sharing for a secure and resilient cyberspace.

The second edition of SICW, with its theme "Building a Secure and Resilient Digital Future through Partnership", underscores the importance of cross-border partnerships in securing the use of cyberspace. With cybersecurity issues spanning not just technology but also legal, business, strategy and policy domains, there is expansive potential for the public, private and people sectors to come together to co-create innovative solutions for a safer cyberspace.

SICW 2017 will kick off with the ASEAN Ministerial Conference on Cybersecurity (AMCC) on 18 September, and officially open on 19 September with Deputy Prime Minister and Coordinating Minister for National Security, Mr Teo Chee Hean, as the Guest-of-Honour at the event. Dr Yaacob Ibrahim, Minister for Communications and Information and Minister-in-Charge of Cyber Security will also be present at the Opening Plenary.

KEY COMPONENTS

- **ASEAN Ministerial Conference on Cybersecurity (AMCC)**
  The AMCC will be held on 18 September 2017. Held as part of the inaugural SICW last year, the Ministerial Conference complements the various cybersecurity collaborations amongst the ASEAN countries and provides a platform for discussion on what could be done to strengthen cybersecurity in the region.

- **SICW Cybersecurity Lecture** – *By invitation only*
  The SICW Cybersecurity Lecture will be held on 18 September 2017 at St. Regis Hotel. The dinner lecture, to be delivered by Ms Anne Berner, Minister of Transport and Communications, Finland is set to bring together local, regional and international political office holders and cybersecurity leaders to exchange views on key cyber issues of current significance.

- **International Cyber Leaders' Symposium (ICLS)** – *By invitation only*
  The event held on 19 September 2017 brings together key cybersecurity decision makers and influencers engaged in capacity building in the region. Public and private sector agencies and organisations gather at this by-invitation event for opportunities to collaborate and discuss policy, strategy and technical issues.

- **SICW Opening Plenary**
  Held on 19 September, keynote speakers presenting at the Plenary are:
  o Izumi Nakamitsu, United Nations Under Secretary-General and High Representative for Disarmament Affairs
  o H.E. Dr H. Wiranto, Coordinating Minister for Political, Legal and Security Affairs, Republic of Indonesia

o Rob Joyce, White House Cybersecurity Coordinator, United States of America
o The Rt Hon. Matt Hancock MP, Minister of State for Digital, United Kingdom of Great Britain and Northern Ireland
o Buky Carmeli, Director General, National Cyber Security Authority, State of Israel
o The Hon. Dan Tehan MP, Minister for Veterans' Affairs, Minister Assisting the Prime Minister for the Centenary of ANZAC, Minister Assisting the Prime Minister for Cybersecurity, Minister for Defence Personnel, Commonwealth of Australia
o YB Datuk Seri Panglima Madius Tangau, Minister of Science, Technology and Innovation, Federation of Malaysia
o Yang Chun Yan, Deputy Director-General, Cyberspace Administration of China, People's Republic of China
o Dr Guillaume Poupard, Director-General, French Cybersecurity Agency (ANSSI), French Republic

- **ASEAN Cybercrime Prosecutors' Roundtable Meeting (ACPRM)** – *By invitation only*
The ASEAN Cybercrime Prosecutors' Roundtable Meeting will be held on 20 September 2017. The event provides a platform for sharing knowledge and expertise amongst prosecutors on fighting cybercrime across the ASEAN region. It also serves as a forum for promoting the development of effective legislative frameworks for combating cybercrime within ASEAN countries.

- **GovernmentWare Exhibition and Conference**
The cornerstone conference and exhibition for the week, GovernmentWare (GovWare), will see its 26th showing this year, inviting technology leaders, industry professionals, policy-makers and innovators to showcase the latest technology, network, discuss challenges and share experiences in all things cyber.

Key conversations at GovWare 2017 conference will include emerging security trends and technologies, cyber threat landscape and intelligence as well as end-user perspective and insights.

Notable speakers at GovWare 2017 include:
- Rick Howard, Chief Security Officer, Palo Alto Networks;
- Robert F. Lentz, President and CEO, Cyber Security Strategies;
- Kevin Mandia, CEO & Board Director, FireEye Inc;
- John Mills, Director of Cybersecurity Policy, Strategy, and International DoD Chief Information Officer, Department of Defence;
- Dr Hugh Thompson, Chief Technology Officer, Symantec;
- Ravinder Singh, President, ST Electronics;
- Mike McConnell, Senior Executive Adviser, Booz Allen Hamilton

Key highlights at GovWare 2017 are:

1. **CXO Forum**
The CXO Forum is a by-invitation event for industry leaders from both private and public sector to come together to interact and discuss real-life scenarios and considerations when securing the business environment. The inevitable convergence of Information Technology (IT) and Operational Technology (OT) will bring many benefits, but also unique security challenges to organisations. This year, attendees will gather to discuss the theme: *IT/OT Convergence: What are the threats?*

2. **GovWare 2017 Exhibition**
   GovWare 2017 features over 250 participating companies and sponsors, including returning exhibitors – Cisco, FireEye, Digital Guardian, Hewlett Packard Enterprise, IBM, Kaspersky Lab, McAfee, PCS Security, Quann, Singtel, ST Electronics, Symantec, Synopsys, Starhub, Tendyron, Trend Micro, BT Security and F5.

   New exhibitors this year include Menlo Security, Lockheed Martin Global Inc, Malaysia Digital Economy Corporation (MDEC), NTT Singapore Pte Ltd, Solared and Securecraft.

   The exhibition will also see the return of the France, Singapore and the UK country pavilions and debuts of Holland, MDEC and Temasek Foundation Connects pavilions.

   GovWare 2017 will also showcase the latest innovation in cybersecurity at the Start-Up pavilion and Institutes of Higher Learning (IHLs) pavilion. At the IHLs pavilion, nine IHLs will be exhibiting their Cybersecurity-related research and projects.

3. **Singapore Cyber Conquest**
   The *Singapore Cyber Conquest* is a platform for IHL students to challenge their cyber security capabilities in a near real-world cyber range. Participants will race against time to complete a diverse range of cybersecurity challenges that will put their cybersecurity skills and knowledge to the ultimate test.

SICW 2017 Partners and Sponsors
(Accurate as of 12 September 2017)

Event Partner:
1. Image Engine

Strategic Partner:
1. Temasek Foundation Connects

Supported by:
1. Civil Service College
2. Association of Information Security Professionals (AiSP)
3. Cloud Security Alliance
4. (ISC)^2
5. SiTF Cybersecurity Chapter

Sponsored by:

Cornerstone Sponsor:
1. Palo Alto Networks (Cornerstone Sponsor)

Platinum Sponsors:
1. Booz | Allen | Hamilton
2. Check Point Software Technologies
3. CISCO
4. FireEye
5. IBM
6. Kaspersky Lab
7. McAfee
8. Micro Focus
9. PCS Security
10. Quann
11. Singtel
12. ST Electronics
13. Starhub
14. Symantec
15. Trend Micro

Gold Sponsors:
1. A10
2. BT
3. Carbon Black
4. Cyberark
5. Digital Guardian
6. F5
7. Fortinet
8. Huawei
9. Imperva
10. LogRhythm
11. M.Tech
12. Menlo Security
13. Microsoft
14. NEC
15. One Identity
16. Splunk
17. Synopsys
18. Tendyron
19. Verint
